

# Alien Spacecraft, Monsters and Improving Human Potential

Are UFOs Alien Spacecraft from other planets or time machines from our future? How does their propulsion system function? Did our ancestors come to earth in spacecraft from another world? Are Stonehenge, the pyramids and the Nazca Lines temples to pay homage to a master race from the stars? Do we have to exceed the speed of light to travel to other planets or are there gateways here on earth to other worlds and parallel dimensions? Are dinosaurs really extinct? See the photographic evidence. Travel on a journey with the author as he takes you on a true adventure through mans voyage into new frontiers from outer space, to documented encounters with alien spacecraft, monsters from the deep sea, and into the astral plane, realm of the disembodied dead. Explore inner space and tap the potential of the human mind. Discover the power of hypnosis, handwriting analysis, altered states of consciousness, body language, astral projection, and automatic writing. Learn to apply these tools in your own life to become a happier, healthier and more effective human being.
