

## Frank Sinatra: My Father

Here at last is Nancy Sinatras own story of her legendary father... the only authorized biography of the phenomenal superstar. From his boyhood in Hoboken to his first big breaks, from the heights and depths of Hollywood to Washington, New York, Brazil and the world, Nancy gives us the story of The Voice through many other voices, among them Cary Grant, Bing Crosby, Mia Farrow, Richard Burton, Dean Martin, Sammy Davis Jr. - and frequently in specially written personal commentary by Frank Sinatra himself. For the first time we come to know the complex, generous, controversial, charismatic man behind the elusive image. Much has been written about Francis Albert Sinatra - but the truth behind his agonies and triumphs is now revealed with the intimate understanding that only his daughter possesses.
