

A Life Changing Journey to the Himalayas

A travelogue about my life changing journey through the beautiful picturesque Himalayan mountains. Follow me as I travel through new cities, regions, altitudes, and eventually frames of mind. The people and places I experienced were truly beautiful and wonderful. Life is about the journey, not the destination, but the destination I ended up at was almost as remarkable as my journey. Beginning with being laid off, I was searching for a purpose. I found my purpose in dropping everything, taking a risk, and going for it! This self exploration expedition truly changed my life, and it is my most sincere hopes that in sharing it with you, it will change your life for the better as well! SPOILER ALERT! There are parts of this book that will tug at your heart strings, make you jealous, blow your mind, and change your life. Where else can you get all of this in one place legally and naturally?
