

## Waiting for Elizabeth: My Journey, Book 3

Waiting for Elizabeth (A Love Story) Now comes the last book of Ben Bryants exceptional autobiographic trilogy. As has been evident in his two previous volumes, Three Stages and Circumstances Beyond My Control, Bens Journey has been anything but ordinary or average. Spanning from 1990 through 2014, the central story here is his losing and regaining the Love of his Life and this painful yet ultimately joyous saga is framed by his continuing artistic evolution, finally, as an editor and director in video. Ben found his most creative expression as an editor. The process of taking hours and hours of disparate video and shaping it into a coherent, comprehensible and compelling form has provided his greatest sense of artistic expression. He shares these experiences from the arduous initial learning process through fascinating often hilarious tales of numerous projects. He skillfully demystifies the technical details of this complex craft making it clearly comprehensible to the uninitiated. Waiting for Elizabeth is a satisfying and happy ending to these extraordinary memoirs.
